

Skydiving

Ever dreamed of freefalling through the skies with the whole world at your feet?

Make the dream a reality and experience the awesome rush of a 10,000ft tandem skydive.

At no cost to yourself if you raise the minimum sponsorship, what better way to raise vital funds for Prostate Cancer Research.

Parachute jumps are available all year round at locations nationwide.

No experience is required and full training is given on the day.

For more about Skydiving (or any other event) call Chris in the fundraising team on 020 7330 0993 or email her.

Alternatively you can apply to jump directly on-line
