

Gala Dinner

Every year since 2003 we have organised a Gala Dinner & Cabaret at the Carlton Tower Hotel, London to assist with our fundraising efforts. The dinner is organised by a dedicated committee, who's role is to sell tickets and advertising and secure auction lots.

Since 2006 we have included research equipment as auction lots, as we know that many research laboratories find it difficult to get funding for equipment.

The Victor Light luminometer, bought at the 2007 auction for Charlotte Bevan's team at Imperial College, London

Sadly there is no Dinner planned for 2009. Information on the 2010 event will be posted shortly.

The 2007 event was in honour of our late founder, Sir Clive Bourne, and raised over £450,000.
